Did you know?...

Istanbul, Turkey, is the only city in the world located on two continents.....The term 'The Big Apple' was coined by touring jazz musicians of the 1930's who used the slang expression 'apple' for any town or city. Therefore, to play New York City is to play the big time - The Big Apple.....The smallest island with country status is Pitcairn in Polynesia, at just 1.75 sq. miles/4. 53 sq. km.....There are no natural lakes in the state of Ohio, everyone is manmade.....The first city to reach a population of 1 million people was Rome, Italy in 133 B.C. There is a city called Rome on every continent.
